

Alexandra Bissinger

Alexandra Bissinger grew up in Ottawa, where she completed her Civil Engineering degree. She soon after completed her masters in coastal engineering, focusing on the Tsunami Risks for Canada. While completing her masters, an exciting work opportunity came up at 19 Wing Comox, so she jumped on it and has been here since January 2012.

She is in a leadership position at 19 Wing Comox, being the Engineering Officer, responsible for 16 staff and an annual program of over \$30M, including maintenance and minor capital construction projects.

She was a councillor for the Town of Comox, completing her term in October 2022. She elected not to present herself for a second term (not yet but in a few years!) in order to focus more of her energy on her quick-growing toddler Maya, who will be turning 3 on 27 Jan!

Alex loves her community and hopes to keep giving back through the Filberg Board and the Rotary Club of Comox Valley. During her free time, Alex loves to mountain bike, snowboard, garden and keep bees.

Fun fact: Alex and her husband Colin (along with Maya, who was at the time 4 months old) got married (eloped) at Filberg Park during the pandemic- it was a memorable ceremony!

Judith Marriott

Judith is a CPA and began teaching at North Island College in the Business Department in September 1992. Currently, she sits as Chair of the Business Department and Chair of the Planning and Standards Committee and is a member of the Education Council.

Judith is a Past President and active member of the Rotary Club of Courtenay, and she is the Treasurer of the Comox Valley Restorative Justice Centre as well as a member of the Comox Valley Community Foundation. Outside of the valley, she is also the District Secretary for District 5020 for Rotary International.
